!!! VOLUNTEERING FORM!!!

A BRIEF ABOUT JBF: JBF (INDIA) TRUST commonly known as JBF (Just Be Friendly) started in the year 2003 with a small group of people in Delhi. Gradually it extended to Guwahati in the year 2007. Every year JBF takes number of initiative to build a healthy society for animals. The harmonious relationship between Human and Animals envisaged for the world around us is what JBF work for. The human population have often pushed pets and domesticated animals into straying. JBF works to address the needs and provide care for these animals.

It is found that day by day the situation is getting worse. Every day hundreds and thousands animals suffer through accidental injury, some getting crushed under a car, some suffering due to growing up homeless and starving till death, the others are caught by dog traders to transport it to Nagaland and Mizoram for meat. Some see their partners scavenging for foods from the dustbins and being kicked around by people, beaten. They too are living beings and deserve to live their lives in a humane manner.
